

electric & hybrid

vehicle technology international

First published in 1995, and now sent free of charge twice a year to over 30,000* key specifiers and decision-makers throughout the global automotive industry, Electric & Hybrid Vehicle Technology International is firmly established as the world's leading international showcase for technology and innovation in electric, hybrid and fuel-cell vehicle development and manufacture.

- Hard copy mailout, by name and job title, to around 10,000 key OE automotive personnel: Europe 40%, North America 40%, Asia/Pacific 15%, Rest of World 5%.
- Full-colour interactive digital version also available online at www.electrichybridvehicletechnology.com
- Distribution is to OE vehicle design, development and production companies, relevant independent design, engineering and R&D facilities, and to principal Tier One and Tier Two suppliers.
- Additional distribution at key industry events, including Electric & Hybrid Vehicle Technology Expo, The Battery Show, eCarTec, EVS, Engine Expo, Advanced Automotive Battery Conference and LCV.
